

Frank A. Leamy
Lieutenant Commander
Class of 1925

**The President of the United States takes pleasure in presenting
the Distinguished Flying Cross to
Lieutenant Commander Frank A. Leamy
UNITED STATES COAST GUARD**

For service as set forth in the following Citation:

In recognition of your outstanding performance, on May 21, 1937, in flying an airplane of the Coast Guard a distance of approximately sixty miles from the Salem Air Station, to contact the trawler White Cap, in the open sea, and removing from that trawler an officer whose left arm had been severed. The patient was then safely transported to Salem, Massachusetts, for emergency treatment and further hospitalization. The flight was made under adverse conditions and rough seas which made landing and take-off hazardous.

Lieutenant Commander Leamy retired at the rank of Rear Admiral after serving as the 22nd Superintendent of the U.S. Coast Guard Academy.
