

Campus Accessibility

Campus Accessibility Map

Buildings shown without icons have varying degrees of accessibility, although reasonable accommodations may be made to provide access to persons with disabilities as needed with advance notice. The Chase Hall barracks area is restricted to authorized personnel only.

For detailed information on campus accessibility, select the icon of the area you wish to visit and a pop-up window will display the accessible features unique to that site. Then, if you wish, select the icon within the pop-up window to view a map detail with blue dots which display the feature's location/s.

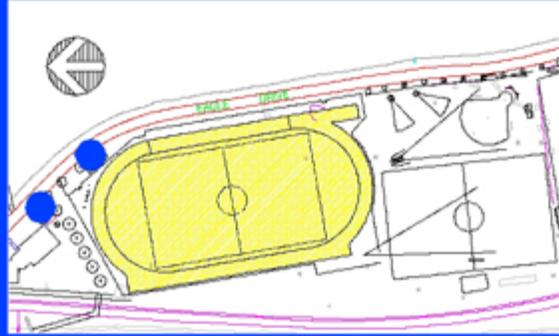

For more information, please contact
Mr. Ken Hunter, Office of Civil Rights & Human Relations
Phone: 860-444-8269
Email: Kenneth.B.Hunter@uscga.edu
